SPRING / SUMMER 2023

## LifeFlight LZ “Landing Zone” Training

On April 25th 2023 our EMS class had the opportunity to witness a landing zone demonstration by AHN LifeFlight, a leading air medical transport service in our area. Landing zone safety is a critical aspect of EMS operations that involves the establishment and management of safe landing zones for medical helicopters.

The students observed the meticulous preparation and coordination required to set up a landing zone, including identifying potential hazards, using signaling devices, and maintaining effective communication with the helicopter crew. They also learned about the importance of situational awareness and following established safety protocols during landing zone operations.

This firsthand experience provided the students with a valuable understanding of the importance of landing zone safety in emergency medical services. Thank you LifeFlight, Charleroi Fire Department, and Allegheny Health Network for this awesome hands on opportunity for our students!

# National Technical Honor Society

*The National Technical Honor Society is an educational non-profit that exists to honor, recognize, and empower students and teachers in Career & Technical Education.*

## Seniors

Bianca Abbott	Bethlehem Center	Agriculture
Luke Boidock	Bentworth	Agriculture
Ethan Pfarr	California	Agriculture
Michael Rollins	California	Agriculture
Jerry Mease	Ringgold	Automotive
